PRC RESPONSE PLAN (4 PILLARS)

1. Surveillance
2. Support to Healthcare system and Authorities
3. Community Action
4. Business Continuity
READINESS TO RESPOND

1. Prepositioning of supplies, response tools and equipment
2. Succession Plan
3. Localization of Response through RC 143 volunteers
Lessons Learned

1. Anticipate the adaptation to pandemic and its impact to the programming and services. Essential services must be maintained and consider the most affected population by COVID-19 and the impacts of community enhanced quarantine.

2. The response plan guided the actions of the National Society to better position the organization and serve the most vulnerable in addressing the needs and gaps.
