Putting in place Critical Healthcare infrastructure

➢ Three tier COVID Care plan implemented
   ➢ COVID Care Centre in hostels for mild cases
   ➢ District hospital for moderate cases
   ➢ Tertiary Hospital for critical patients

➢ Procurement of test kits- roping in private labs – testing protocol due to limited tests

➢ Procurement of PPE kits, ventilators at hospitals

➢ Training of staff teams
Containment zone strategy – Today 69 zones active

➢ Intensive survey and testing
➢ Infection control, sanitization
➢ Social distancing, mask enforcement
➢ Perimeter control & law and order management
➢ Supply of dry rations, milk, vegetables
➢ Mobile ATMs, Supply of medicines
➢ Role of volunteers, local leaders
➢ Dense slum areas, poor living conditions
Containment zone strategy
Containment zone strategy
Shift in strategy: Quarantine centres created in Schools and Hostels

Quarantine centre washrooms with proper hygiene.
100% Home Delivery of Essentials – CTU Bus Model
100% Home Delivery of Essentials – CTU Bus Model
Supply of cooked meals through decentralized kitchens
Supply of cooked meals through decentralized kitchens
Migrants issue – Model migrant shelter home
More than 44,000 people sent home in special trains
Way ahead

➢ Strategy geared towards wide spread in society
➢ Towards effective patient management – decentralized teams to monitor and counsel patients in home isolation
➢ Social distancing, masks, hand sanitization
➢ Economic revival and most activities have re-started – schools, colleges, gyms, malls, marriages, transport etc
➢ Effective back up teams
➢ Enforcement and fines – to change habit
Thank You
