

C40 CITIES FINANCE FACILITY

The CFF aims to support projects that have reached the project scoping phase and are seeking support directed at business case development, financial structuring and financing option assessments and in a limited scope technical structuring and design support. In some cases, support for pre-feasibility studies can be considered.

C40 CITIES FINANCE FACILITY

The CFF provides support to cities in the development of their climate action projects in order to facilitate financial readiness and a link to the most suitable finance instruments.

FINANCIAL READINESS

of climate change infrastructure projects in cities to the state of finance readiness **both** for the project **and** the implementing institution or city administration

DELIVERED THROUGH:

- 1) Capacity development,
- 2) Technical assistance
- 3) Knowledge creation, curation and dissemination,
- 4) Communications and events,
- 5) Engagement and partnerships

C40 and GIZ co-lead the CFF. GIZ is the leading implementation vehicle, with C40 providing the political engagement and contributing to steering/integration.

LINKING TO FINANCE

Supporting cities in political process and the negotiations with financial institutions and service providers.

REPLICATION AND UPSCALING

Supporting cities through capacity building, training, and knowledge and learning to scale up existing projects or replicate projects in other cities (C40 and beyond)
