The African Union Commission (AUC) has set up the targets and indicators of the Programme of Action for the Implementation of the Sendai Framework in Africa (PoA) in the SFM.

Member states are invited to report on the PoA targets and indicators in the SFM regional module for the period January 2019 to December 2020. The reported information will contribute to the elaboration of the African Union Biennial Report on the PoA.

If you have any queries on the regional reporting, please contact the AUC (Ms. Nomsa Dube DubeN@africa-union.org) and UNDRR Regional Office for Africa (Mr. Roberto Schiano Lomoriello roberto.schianolomoriello@un.org).

The 8th Africa Regional Platform for Disaster Risk Reduction took place from 16-19 November 2021. The events were hosted by the Government of Kenya and organized by UNDRR in collaboration with the AUC and IGAD. The Africa Regional Platform was held under the overarching theme: “Towards Disaster Risk-Informed Development for a Resilient Africa in a COVID-19 Transformed World”.

During the 7th High-level Meeting on Disaster Risk Reduction held on 19 November, Ministers and Delegates from Member States in Africa adopted the Nairobi Declaration and the matrix of the Programme of Action for the implementation of the Sendai Framework in Africa (2021-2025). The Nairobi Declaration demonstrates the strong commitment to disaster risk reduction and resilience building across Africa and recognizes the achievements Member States and other stakeholders have made in accordance with the Tunis Declaration issued in 2018. The actions demanded in the Declaration from stakeholders will accelerate the implementation of the Sendai Framework in Africa.

REMINDER | Technical Forum on Sendai Framework Monitoring, 7-8 December 2021

UNDRR is organizing a Technical Forum on Sendai Framework Monitoring, scheduled for 7-8 December 2021. The virtual event will bring together practitioners from government, UN and international organizations and interested stakeholders associated with monitoring of the Sendai Framework and its application in development and humanitarian planning.

The event will take place over two days and there will be two sessions per day – morning and afternoon - to suit different time zones. Interpretation in French and Spanish will be available during the afternoon sessions.

Register for the Morning session: HERE.
Register for the Afternoon session: HERE.

RECORDING | Sendai Framework monitoring in Africa: Status and Way forward

On 16th November, during the Africa Regional Platform, a virtual session was held on Sendai Framework monitoring in Africa. The panel was composed of UNDRR, AUC and Member states representatives and aimed at taking stock of progress made regarding global and regional reporting of the Sendai Framework and address key challenges in order to accelerate the monitoring and reporting process in sub-Saharan Africa.

Speakers:
- Mr. Amjad Abbashar, Chief, Regional Office for Africa, UNDRR
- Ms. Nomza Dube, Policy Officer, African Union Commission
- Ms. Yolande Ella, Civil protection, Cameroon and Mr. Jean Pierre Minkoulou, IT Engineer, Cameroon
- Ms. Ané Bruwer, Chief Director: Legislation and Policy Management, NDMC, South Africa
- Moderated by Ms. Diana Patricia Mosquera Calle, Programme Management Officer, UNDRR
