GLOBAL STOCKTAKE AND MIDTERM REVIEW OF THE SENDAI FRAMEWORK

Disaster Risk Reduction & Climate Action
10:15-11:30, 12 June 2023

Bonn, Germany
UNFCCC SB58
Venue: Bonn Conference Room, WCC

While climate action & DRR share common goals their governance has evolved in parallel. This event will explore how a more integrated approach to international climate governance and DRR policy can drive forward progress on our shared goals of creating resilient societies globally. The concurrent Global Stocktake and Midterm Review of Sendai Framework offers opportunities to build synergies - globally through coherent polices and metrics, and nationally through comprehensive risk management.

In collaboration with:

GNDR
Global Network of Civil Society Organisations for Disaster Reduction

REAP
Risk-informed Early Action Partnership

Featured Speakers:
Simon Stiell
Executive Secretary of the United Nations Framework Convention on Climate Change (UNFCCC)
