Caribbean Regional Workshop on Integrated DRR and CCA

11-12 July 2023

Keith Nichols, CCCCC
Design and Implementation of the National Adaptation Plans and Report on gaps in adaptation
Benefits of NAPS

NAPs facilitate the integration of climate change adaptation into development plans and budgets

NAPs present a basis for CSO and private sector engagement in government development programmes

NAPs also facilitate/trigger domestic funding to climate change
Where we are

National Adaptation Plans originate from Sector Vulnerability Assessments.

Many countries have integrated adaptation into national development plans and climate change policies.

Medium to long-term NAP processes have been initiated in some countries.
Priority Sectors

- Coastal and Marine
- Tourism
- Health
- Water
- Agriculture
- Energy
- Natural Ecosystems
NAP Process

- Sector Specific
- Multi Sector
- NAPS
- Projects
- Resilience
Challenges, Barriers and Gaps

- Poor National Coordination / Intersectoral collaboration / Silo approach
- Weak data and information to inform CCA Planning and Decision-making
- Skills Capacity Deficiencies
- Institutional deficiencies/weaknesses
- Legal deficiencies
- Organisational Capacity Gaps (human, financial resources/ tools and technologies)
- Inadequate awareness on the impacts of CC
THANK YOU
