A space for meeting and dialogue between the supply and demand of specialized services in DRR and resilience.

- We would like to communicate with other local governments.
- We are discovering the profiles and tools of various Support Entities and Service Providers.
- We are sharing their progress on the pathway to resilience.
The first exchange of knowledge between Hubs of Resilience in Medellin City.

Medellin City shared experiences and began a mentoring process for cities that wish to be Hubs of Resilience.

Dosquebradas City develops exchange in Panama - Presentation of Climate Bonds Project for the Latin American Parliament.

Exchange of experiences of MCR2030 territories.

UNGRD provides support to Mexico City for the implementation and strengthening of DRM.

Dosquebradas City develops exchange in Korea - Panelist South Korea Resilience Leaders Forum.
Frameworks for the MCR2030 Networks in Colombia

1. International Strategic Line
   - Promotion of regional collaboration in the Americas and the Caribbean
   - Governance Networks

2. National Strategic Line
   - Strengthening the National MCR2030 Network
   - Strong network
   - Resilient Hubs

3. Local Strategic Line
   - Advancement of the territories in the roadmap for resilience
   - Amazonian territories
