**9th Arab Partnership Meeting for
Disaster Risk Reduction**

21 – 23 November 2023
Egypt

Increase in Number of People in need in MENA 2010-2023

Key DRR Efforts in the Arab region:

- **Emergency preparedness, response and recovery** (cluster lead, UNHRD, UNHAS, 39* million people in Arab region)
- **Analysis, monitoring, early warning, forecasting and early action**
(Anticipatory Action baseline & readiness, conflict analysis, vulnerability analysis, food security/Zero Hunger Strategic Reviews, access coordination advocacy)
- **Building resilience and protecting the most vulnerable** (Climate Smart agri-infrastructure, nature-based solutions, seasonal analysis for interventions)
- **Support to safety nets and social protection** (policies, institutional arrangements, programmes, delivery systems, partnership with government)

THANK YOU

Process and products

- Early Warning Watch List:
 - New warnings issued every month
 - Active warnings updated every month
 - Feeds into various WFP processes, incl. the Corporate Alert System (CAS)
- Thematic analysis
- Tailored support to the field:
 - Scenario building, contingency planning
 - On-demand field research/support
 - Economic forecast modelling (e.g. inflation, currency depreciation)
 - Regional seasonal outlooks
 - Meteorological analysis for fast- and slow-onset natural hazards
- External, interagency early warning products:
 - FAO-WFP Hunger Hotspots
 - IASC Early Warning, Early Action and Readiness briefs
 - UNSCR 2417 monitoring report
