

## GENDER-RESPONSIVE COMPREHENSIVE POLICY FRAMEWORK

Integration of gender perspectives with a focus in inequality in policies, plans and processes of decision making at the national level.

### Recommendations:

Assess and build the technical and administrative capacities of public entities.

Align agendas and policy frameworks with an intersectional gender perspective.

## ECONOMIC-FINANCIAL STABILITY

Allocation by the States of enough resources to ensure continuity over time of policies and actions with a gender approach.

### Recommendations:

Secure financing held for feminist organizations of women and the civil society.

Develop and strengthen public-private partnerships.

Establish political commitments for public financing and international cooperation

## LOCALIZATION AND PROGRESSIVENESS

Contextualization of DRR policies and actions in each territory, respecting historical and geographical processes, and including perspectives of community and local leadership.

### Recommendations:

Develop education processes locally adapted.

Extend multi-scalar work to resilient territories.
